	<b>“WORLD EARTH DAY”</b>	<p>Jawaharlal Nehru Arts, Commerce and Science College Wadi here celebrated world Earth Day in association with the Nature Green Club, Department of Zoology, Environmental Studies, Chemistry and JNC Nature Green Club. Our College Principal Dr. Sanjay Tekade presided over the program, Shri. Ajinkya Bhakar Senior Project Officer, WWF-India. Was the guest speaker IQAC Coordinator dr. Narendra Gharad, Dr. Nitin Kongre, Head Department of Chemistry were prominently present on this occasion As per the saying “Vasudeva Kutumbakam” every year 22April is celebrated with great enthusiasm as <b>“World Earth Day”</b> with an aim to make the students realise that the earth is a family of all living beings and to make them understand the importance of all the resources of the earth. On this occasion, a program was organized to cultivate beauty through nature conservation among students through environment studies and nature green club. Ajinkya Bhatkar challenged the students to make our earth Plastic free planet. In order to make people aware of the importance of natural resources, guidance was imparted on resource management and plastic free beauty, as the theme of this year is <b>Plastic Vs. Planet</b>. Dr. Manisha Bhatkulkar, Faculty Co-ordinator, Green club, organized the proceedings of the program and also gave the introductory speech. Mr. Sumit Guruchal CHB Zoology conducted the program. Vote of thanks proposed by Dr. Avinash Ingole. All the teaching staff members and CHB teaching Staff members were present along with the students in this event.</p>
2	<b>Outcome/ Result</b>	<p>1) Teaching about plastic pollution is an essential part of <b>Earth Day</b> because it helps students understand the consequence of not protecting the earth. It can be much easier to prevent plastic pollution on a small scale in the institution.</p> <p>2) <b>Earth day</b> provides a day to focus on education about environmental issues affecting our planet.</p> <p>3) For sustainable development the planet should be plastic free.</p>

Sub: Certificate regarding students' visit at our beekeeping centre

Respe. Sir,

It is to certify that around 21 student of B.Sc. final year biology section of your esteemed college along with the staff members have visited our institution on 03<sup>rd</sup> Nov, 2023 to learn the theoretical as well as practical aspects of bee-biology & behaviour, bees' association with the nature through pollination, types of bees, their respective scientific management practices for sustainable productivity of bee-products like honey, wax, pollen, etc.

This field visit seems successful & fruitful as bee-awareness is created amongst the students.

Therefore, this certificate has been issued in your favour.

With regards,

	<p><b>Bird Watching Program at various locations.</b></p>	<p>Bird Watching or Birding is a form of Wildlife Observation in which the observation of Avian species is a recreational activity or citizen science. It can be done with the naked eye. Through a visual enhancement device like binoculars and telescope. By listening bird sound, or by watching public webcams.</p> <p>Here we have chosen Two location for Birding i.e. Ambazari Biodiversity Park and Gorewada Biodiversity Park at different durations. Our First Birding session was held at Ambazari Biodiversity Park on <b>1<sup>st</sup> October 2023</b> .<b>Twenty Two students</b> were present for the program along with one Teacher faculty Dr. Avinash Ingole (Green Club Coordinator) and one Biology Expert Shri. Darshan Dudhane.</p> <p>Second session of Birding was held at Gorewada Biodiversity Park on <b>4<sup>th</sup> February 2024</b>, here <b>Eleven Students</b> Participated with Two Teaching Staff Members of the college in association with Mr. Ajinkya Bhatkar( Wild life Warden and Senior Project Officer at WWF, India) and his Team</p> <p>Our Third Birding session was conducted again at Gorewada Biodiversity Park on <b>14<sup>th</sup> April 2024</b>, in collaboration with SEAT (Save Environment And Tiger) Mr. Tejas Parshionikar and his team assisted us very well. There were <b>Seven students</b> and two teacher faculty was present for this event. Students were very interestingly locating the birds and spotting the bird species in and around .Moreover other people joined us when they saw us birding students having binoculars and camera so that they could click photos very easily. It was enriching and amazing experience watching birds and learning about them. We will look forward to more of these birding events. All these sessions were organized by Department of Zoology, Environmental Studies and Nature Green Club.</p>
2	<p><b>Outcome</b></p>	<ol style="list-style-type: none"> <li>1. It also encourages the students to realize the importance of Avian Biodiversity and how to protect them.</li> <li>2. The field trip helped the students to have practical experience. Whatever they learned in the classroom, they observed it in the field itself.</li> <li>3. Bird watching takes us to places where we might have to hike or go trekking.</li> <li>4. It improves mood and mental health.</li> <li>5. To learn more about conservation of birds and also get expert birder looking to share their experiences.</li> </ol> <p>Students learn more about their habitat, diet, nesting status and migration status it serves valuable resources to birders.</p>

	<b>Biological Excursion Tour at Kuwara Bhivsen and Ghoghra Mahadev.</b>	<p>Kuwara Bhivsen is a Gond village on the bank of Pench river surrounded by forests. A Gond temple at the hilltop is one of the main attractions. The place is a beautiful picnic spot. The drive through the forest adds to the charm. Kunwara bhivsen is a small village in the Ramtek tahsil, 28.969 km. (18 miles) north of Nagpur on the bank of the river Pench. A hill by the village contains the remains of an old fort, its summit being encircled with walls made of ponderous masses of rock.</p> <p>Our One day biological excursion tour has been planned on <b>27 October 2023</b>. Altogether there were <b>40</b> students and <b>05</b> teaching staff members and one botany attendant (Mr. Ritesh Dahare) were present. By Bus we have our journey from college, in meanwhile we provide breakfast to the students and teachers. Firstly we had been to <b>KUWARA BHIIVSEN which</b> was 62 kms. From our college, it takes nearly one and half hours to reach there .all the students they enjoyed nature at location, as well as they had located many native birds, medicinal plants and indigenous plants, after that all the students they climbed up and there was very old Shiv mandir located at high altitude the path was very dangerous and it takes nearly one hour to reach at the top after one hour students came down and they were very tired, exhausted and very thirsty and hungry also. Then all the students they had their lunch near temple of kuwara bhivsen. After that we proceed towards next destination i.e. Ghoghra Mahadev which was nearly 21.3 kms away from the place near Pench river. It takes nearly 45mint.to reach at that place. The Natural beauty and marvellous landscapes never fail to amaze us. And just when we think that we have visited every single spot there is to see, we stumble upon a new and even more breath-taking location waiting to be explored. This place is so amazing that all the students they enjoyed a lot more in this place specially they enjoyed in the river water for about 2-3 hours, and then we move towards our last destination at Nagpur, while returning we had also visited Koradi temple and then return to our college as many students they had call their parents. We reach at 7.30 pm. At our college.</p>

1	<b>Visit to Fish Farmat (MAFSU)</b>	27 students of BSc. III participated in this visit. We reach there by 10.30 am. It is 10 km. from our college and located near the Telangkhedi Garden. We visited fish breeding area and the students observed the process of Induced breeding in Catla and Labeo, Chinese hatchery, breeding happa, breeding tank, spawn and fish fry. Students observed many species of Fishes and also observed the male and female fish differentiation told by fish workers. They also visited the different ponds i.e., nursery pond, rearing pond, stocking pond etc.

		They also visited the Chinese hatchery and museum of fish. so many different species of fishes are preserved there in museum. They came to know the importance of self-employment. Students have practical experience and whatever they learned in the class room; they observed in it in the field itself.

1	Butterfly walk/Nature Walk at Gorewada Lake	Butterfly and Nature Walk was organized by Nature Club of JNC on the occasion of Wildlife Week at Gorewada Lake on 4 <sup>th</sup> October 2022. Around 30 Students from all the three faculties were participated in this event.
2	Outcome	1. Stimulating the student's innate curiosity by impelling her to ask "Why?" On coming across a bug, bird, plant, or other creature or object that your child is curious about, researching it together once back home.  2. Students should explore more and more species of butterflies in the field.

		3. Taking a walk or a hike to enjoy the scenery, the fresh air and the activity can help in calming and clearing the mind, managing stress and depression and improving one's overall health.

	<b>Butterfly Survey at Pench Tiger Reserve</b>	<p>There was total 105 participants from 11 states in the survey. 60male and 45 females in the age group of 18-67 years. Sixteen students from our college also participated in the survey. Participants were grouped in a team of 2-3 for each camp with minimum one expert butterfly observer and 2 amateurs. Each team covered minimum of 3 survey trails (samples) or a maximum of 4, depending upon the travel time from Sillari to their respective camps. Participants used Pollard's walk method, and record butterfly observation. S. No	Name of the Event	Report
	<b>Educational Tour at Navegaon National Park and Itiadoh</b>	Dept. of Zoology, Dept. of EVS and JNC Nature Club organized one Day Educational Tour at Navegaon National Park and Itiadoh. Around 53 students were participated in this tour along with Four Teachers Staff Members We started at 7.00 A.M. from college and reached there at 10.00 A.M. at Navegaon <b>National Park</b> is a <u>National park</u> located in the <u>Arjuni Morgaon</u> subdivision of <u>Gondia district</u> in state of <u>Maharashtra</u> , India. Dr Salim Ali Bird Sanctuary, Navegaon is home to almost 60% of the bird species found in entire Maharashtra. Every winter, flocks of migratory birds visit the lake. The national park has diverse type of vegetation ranging from dry mixed forest to moist forest. The forest type is 5 A/C3. Southern tropical dry deciduous forest. it was established 22 November 1975 and is located in the eastern part of Maharashtra state and covers an area of 133.78 km <sup>2</sup> . It

		<p>has great importance from nature conservation point of view. It is indeed nature priceless assets and beckons one and all to enjoy its picturesque landscape, its pure and fresh air. It has got immense potentials from biodiversity conservation point of view. One can also join the jungle safari and stroll through the beautiful forest, crossing paths with leopards, sloth bears, gaurs, sambars, chitals and langurs. Staying in the unique tree-top house, riding a power or sail boat on the lake, are thrilling pastimes. Nearly 50,000 tourists visits this tourist complex annually. Places of interest around the national park are Nagzira Wildlife Sanctuary (60 km), Itiadoh Dam (20 km), Tibetan Camp at Gothangaon (15 km) and Pratapgad (15 km). All the students were very excited to observed the flora and fauna at Navegaon National Park. They had mention in their flora and fauna which they observed there Then we had lunch in a garden there after that we proceed to the itiadoh. <b>Itiadoh Dam</b>, is an <a href="#">earth fill</a> and <a href="#">gravity</a> dam on Gauvin river near <a href="#">Arjuni Morgaon</a>, <a href="#">Gondia district</a> in state of <a href="#">Maharashtra</a> in <a href="#">India</a>. The height of the dam above lowest foundation is 29.85 m (97.9 ft) while the length is 505 m (1,657 ft). The volume content is 911 km<sup>3</sup> (219 cu mi) and gross storage capacity is 288,830.00 km<sup>3</sup> (69,294.00 cu mi).<sup>[2]</sup> This dam serves districts like Gondia, Ghadchiroli and Bhandara in managing paddy irrigation. It is also popular for its katla fish and prawn culture. Moreover, tourists can visit the Tibetan carpet weaving segment situated nearby, which was started by the Norgying Tibetan clan. We also observed cage culture at this location. Then we all proceed to our destination back to our college, from where all the students reached safely to their home, we reached at 8.00 p.m. so parents of all student they arrived at college.</p>
2	<b>Outcome</b>	<ol style="list-style-type: none"> <li>1) It acts a “Green-lung” for the adjoining human settlements and helps in maintaining the environmental balance, important conservation unit in Central India</li> <li>2) . Navegaon is better known as a bird sanctuary, a number of wild animals could also be sighted. The vertebrate fauna includes, besides a number of fishes, 209 species of birds, 9 species of reptiles and 26 species of mammals which includes Tiger, Panther, Jungle cat, Small India Civet, Palm Civet, Wolf, Jackals, Bison, Sambars, Nilgais, Chitals, Wild boars, Sloth Bears, and Nathan Lewis in this national park</li> </ol>

**REPORTS ON DEPARTMENTAL ACTIVITIES.**

**WORLD ENVIRONMENT DAY**

**Organized Online National Webinar on World Environment Day for students, in collaboration with WWF & Central India Landscape, Due to Covid-19.**

**AIMS AND OBJECTIVES-----**

- It aims to **halt the degradation of ecosystems, and restore them to achieve global goals.** Only with healthy ecosystems can we enhance people's livelihoods, counteract climate change, and stop the collapse of biodiversity. A call to action to combat the accelerating species loss and degradation of the natural world.
- The aim was for people to strive and change their everyday lives to reduce the heavy burden of plastic pollution. People should be free from the over-reliance on single-use or disposables, as they have severe environmental consequences. In addition, we should liberate our natural places, our wildlife and our own health from plastics.
- Connecting with Nature. –Students should connect with Nature for the upliftment of the Environment and should also create Awareness about Nature.
- This event invited Students to examine their activities and lifestyle and see how the concept of a **“Green Economy”** fits into it.
-

**ZOOLOGY/ ENVIRONMENTAL STUDIES ACTIVITIES**

**Guest Lecture for Environmental Studies Students.**

**AIMS AND OBJECTIVES-----**

- Lectures should aim to do more than transmit information. A good lecture serves as a catalyst by with information technology providing ready access to vast quantities of resources.
- Introducing a subject and providing an overview by identifying Areas
- Approaches and the literature available,
- It also stimulates thinking and facilitating understanding,
- Arousing interest and motivating further enquiry and discussion It inculcate the knowledge among students and also create interest in the subject.

**REPORT-----**

A guest lecture was arranged by Department of zoology in collaboration with **NATURE CLUB and IQAC**. On **04 May 2022** and the guest speaker was **Dr. Gopal Paliwal Head Dept. of Zoology S.S. Jaiswal College Arjuni Mor Dist. Gondia**. The entire Informative talk about the topic **Slithering Serpents: An Important Elements of Biodiversity**. Very immensely, he gave a brief overview of the research activity going on in this field in India and abroad, what are the expected future outcomes of different projects under wild life conservation. During his lecture he shared very nice information about what are the consecutive effect of poaching, what is the importance of wild animals in our Environment, and how the wild animals being cached by the poachers in the prohibited areas. Many more students they are interested to hear all the information shared by the guest speaker.

During informative talk Dr. Gopal Paliwal Sir guest speaker, also focused on how the students should enter in the forest services as well as he is asking some basic questions , Tigers and so on so that students were enthusiastically participated in the lecture and they get immense knowledge about the subject very

well, lastly during concluding his lecture he showed some demonstration that how the hunters are hunting the Tigers and other wild animals in the forest and also the wildlife pictures which was clicked by himself only.

Lastly there was question answer session with the students. Students enjoyed a lot, many students asked the questions and interact with the resource person very well and they are satisfied with their answers. Vote of thanks was proposed by Dr. Manish Chavhan Head, Dept. of History.

#### **RESULT/OUTPUT- 1)**

- Guest lecturers **provide an important educational experience for students based on their real-world life experiences.**
- Students get to see the insight and perspective of the guest lecturers' specific field. The format can enable students to interact with professionals in formal and informal settings.

**ZOOLOGY/ ENVIRONMENTAL STUDIES ACTIVITIES**

**Endangered Species Day**

**AIM/OBJECTIVES-**

- The Endangered Species Day celebrated as it creates awareness among students and is very important because it **saves our native fish, plants, and other wildlife from going extinct.**
- Students should have the knowledge about which species of wildlife animals are going to become endangered.
- How to protect the endangered species.

**REPORT-**

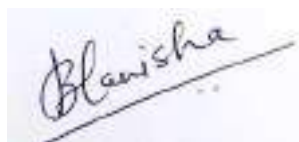

This event took place on Dated- 20<sup>th</sup> May 2022. At 7.30 am. In a bid to celebrate, learn and take action to protect the endangered species, every third Friday of May is considered to be Endangered Species Day. The team of Office, Gorewada, Nagpur Wild CER in Collaboration with Balasaheb Thakre Gorewada International Zoological Park, Forest Development Corporation of Maharashtra, Jawaharlal Nehru Arts, Commerce and Science College, Wadi and Wildlife Research and Training Center, Gore Wada, Nagpur organized an event at Wildlife Rescue center office, Gorewada, Nagpur.

The purpose of the event was to raise awareness to bring into limelight and save endangered species. A number of seminars were conducted to talk about endangered species as well as to spread awareness towards the conventional steps that can be taken at an individual level to mark the day. The team of Wild –CER believes that the youth decides the future of wildlife conservation science and thus the audience comprised mostly of young group of students who were keenly interested in learning about the state of endangered wildlife species. Around 70 students participated in the event all of them are a part of JNC Nature club.

During Inauguration Mr. Bhagwat, Divisional Manager, Gorewada Project enlightened the students on the significance of wildlife species. Mr. Dipak Sawant, General curator of Gorewada Zoological Park. Mr. Sawant talked about the lesser-known amphibians and reptiles and elaborated of the endangered frog species and its importance in the ecosystem. The wildlife veterinarian and conservationist Dr. Bahar Baviskar gave the seminar on vultures and how they are being affected and highlighted on how we can do our bit to conserve the endangered species. Furthermore Dr. Sujit Kolangath and Dr. Mayur Pawashe both wildlife veterinarians from wildlife rescue centre, Gorewada gave a brief introduction of their work at Gorewada rescue center. They emphasized on the reduction of carbon foot print on individual level so that our deeds will not affect the lives of other species which is the primary reason for the disruption in ecosystem balance.

### RESULT/OUTCOME-

- The students were made aware to bring into limelight and save endangered species.
- They can very well acquire the knowledge of endangered species.

**Workshop on “Creating Scientific Temperament-Busting Superstitions.”**

**Guest Speaker** –Dr. Rohini Karandikar from Homi Bhabha Centre for Science Education in Collaboration with IWSA Indian Woman Scientist Association.

**Aim/Objective-**

- To allow the students to take part in the interaction about scientific temperament.
- Students should learn something new about What is science and what is myth.
- Students should be aware of all kinds of myths as well as superstitions.

**Report-**

A day workshop was organized by the Department of Zoology in the college in collaboration with IWSA (Indian Women Scientist Association) on Dt- 13 Aug. 2019. At 11.30 am. in the college hall. Around 120 students participated in this workshop and around 15 teaching staff members were present for this event along with Dr Anuradha Gadkari Founder member of IWSA, Dr Seema Somalwar, Dr Rita Israni, and Dr Saroj Desai, Dr Prachi Lakhe, Dr Bharti Ganu and Mrs Neeru Karandikar all are Executive members of IWSA. The Guest Speaker was Dr Rohini Karandikar, she is from Homi Bhabha Centre for Science Education, TIFR, and Mumbai. In this workshop our Guest speaker discussed various examples like solar eclipses and how people get superstitions about solar eclipses, then she had coined a very familiar example of a cat that crosses the road, and lot many more she also interacted with the students via the different games she played among the students. She had very well explained the content of the workshop and the students very enthusiastically participated in this workshop. In the last session, the guest speaker interacted with the students with some games in the groups and they selected some students for prize-winning game also at last they chose some students for the certificate they distributed some certificates according to the groups of the students.

**VISIT TO FISH FARM AT BOR DAM AND APICULTURE CENTRE AT WARDHA.**

**26 September 2019**

**AIMS AND OBJECTIVES-----**

- Train the students in identifying the species of Honey Bee It also involves giving students a thorough knowledge about beekeeping and its management.
- Students get to learn about the rearing of honey bees for the production of honey and other bee products.
- To learn about the various skills that are necessary for self-employment in honey production.
- This course gives students self-employment and they get job opportunities in the public, private and government sectors.
- To establish an innovative model of microeconomic enterprise that can be replicated in other parts of India.
- The field trip also provides relief from the drudgery that academic study sometimes becomes, an opportunity for close interaction with peers that students enjoy so much, and a chance for the teacher to observe and interact with the student in a structure different from and more informal than the classroom.

**REPORT ON VISIT---**

- A visit has been planned for the BSc III Yr. students as prescribed by Nagpur University. So, all there were 53 students were accompanied to visit Bor Dam Fish Farm and Apiculture Unit at Wardha. There were all 53 students from BSc Sem-V from CBZ group who visited the fish breeding center at BORDHARAN in Wardha District on 26 September 2019 under the guidance of Dr Manisha Bhatkulkar. We all started from college at 7.30.00 am by 50 seater bus and all were very happy because it was a field visit and all students were ready to visit the fish farm and Apiculture unit. The students observed the process of Induced breeding in Katla and Labeo Chinese hatchery, breeding tank, spawn and fish fry. Students learned the importance of self-employment. Students have the practical experience and whatever they learn in the classroom; they observe in the field itself.
- The next destination i.e. Apiculture unit at Wardha. we reached there at 1.30 pm. Dr Gopal Paliwal Director of Beekeeping and Management Centre Wardha, delivered a lecture and also shared very important information about Honey Beekeeping, and honey bee products and also shared information about government strategies with the help of a PowerPoint presentation. His wife Dr, Mrs Paliwal also shared information about the physiology of honey bees and how we can test the honey from different points of view. Further, we went to Sevagram to visit BAPU KUTI ASHRAM and here only we had our lunch this time was not suitable for lunch but we were so hungry as we had our lunch and then we proceeded to visit the Gandhi Ashram (BAPU KUTI).

## OUTCOME: -

- It helps them visualize potential career choices.
- Students observed the process of Induced breeding in Catla and Labeo, Chinese hatchery, breeding happy, breeding tank, spawn and fish fry.
- It also encourages the students to realize the importance of self-employment.
- The field trip helped the students to have practical experience. Whatever they learned in the classroom, they observed it in the field itself.
- Students can understand the principles of beekeeping and honey production.
- They also learn how to create and maintain beehives as well as to harvest their honey and beeswax.
- They can also start their projects so that they would be able to self-employment.

**“GREAT GLOBAL BACKYARD BIRD COUNT”**

**Aim/Objective-**

- The Global Great Backyard Bird Count takes place every year around middle of the February. Since it is carried out at around the same time every year, GBBC helps to create an annual, real-time snapshot of what birds are where. This event can prove a platform to introduce people to birds and birdwatching.
- To organize, encourage and promote the study of birds and their habitat use particularly within the surrounding region through this event the importance of birds can be understood to save or conserve the birds and to maintain the Ecosystem and food chain.

**Report –**

- GBBC is the Global Great Backyard Bird count which is conducted four days every February. This is a free, fun and easy event that engages bird watchers of all ages in counting birds and also helps expand our knowledge about birds.
- This year we Dept. of Zoology and Dept. of Environmental Studies in association with IQAC in collaboration with an NGO called SEAT i.e. Save Ecosystem and Tiger. This program is organized with the permission of our Principal Dr. M.N. Bhajbhujje Sir. This event was inaugurated on 14 Feb 2020 at college auditorium with the chief guest Mr Tejas Parshionikar President SEAT along with Mr Nikhil Pajankar-Agriculturist and 102 students of arts, commerce and science faculty were present for this event.
- At the inaugural function, SEAT President Mr. Tejas Parshionikar addressed the students. He told students about Birds. Through his excellent speech he focused on some of the points that are very important like How birds can be identified, and how we can count birds in our nearby areas of backyard birds, the students gathered on the ground for birding so they made some 10-10 students groups and bifurcate in the premises as well as outside the campus with the help of binoculars and books which Tejas sir has provided books for identification of birds. All students get busy doing bird count.
- Then from next day, all the students get involved in birding with their cameras and binoculars inside the college campus. up to 17 Feb i.e. for four days students getting busy with bird counting so for example one of the students from BSc SEM-4 did the counting of birds in the following table.

**EDUCATIONAL TOUR AT BEDAGHAT, BARGI DAM JABALPUR.**

**AIMS/ OBJECTIVES: -**

- To develop an awareness and encourage an interest in the natural environment among students through environmental tours.
- To develop commitments towards the environment also to inculcate the importance of environmental cleanliness,
- To develop leadership qualities through interdisciplinary group activities.

**REPORT: -**

- The tour of Environment was planned from 24 to 25th February 2020. 154 students came out of them 150 were students and 4 were teacher staff.
- On 24th February 2020, the tour started at around 7.30 am and reached the first destination Bargi Dam at about 4.00 pm. Bargi dam is one of the first completed dams out of the chain of 30 major dams to be constructed on the Narmada River in Madhya Pradesh India. Its total length is 1312 km of which it comes 1072 km Madhya Pradesh.
- Our second destination was the Dhuandhaar waterfalls in Bhedaghat in Jabalpur District in the same state MP. The Dhuandhaar waterfalls are located on the Narmada River in Bhedaghat and are 30 meters high. The Narmada River, making its way through the world-famous marble rocks, narrows down and then plunges into a waterfall known as **Dhuandhaar**. The plunge which creates a bouncing mass of mist, is so powerful that its roar is heard from a far distance. On 25th Feb 2020 after having breakfast, we went to Dhuandhaar Waterfalls students took beautiful picture in front of the waterfall and the great thing was they brought binoculars with them and enjoyed birding at the same time. And finally, at around 12.30 pm everyone came back to the hotel and finished lunch and then we came out back to our college at about 8
- **Outcome: -**
- Nature club tour creates awareness and interest about environmental education among every student also

- To teach them how to cooperate and collaborate with groups of having people of different ages but similar objectives.

**Department of Zoology**

**VISIT TO APICULTURE UNIT, WARDHA**

**SESSION- 2018-19**

**29 September 2018**

**AIMS AND OBJECTIVES-----**

- To Train the students in identifying the species of Honey Bee It also involves giving students a thorough knowledge about the bee keeping and its management.
- Students get to learn about the rearing of honey bees for production of honey and other bee products.
- To learn about the various skills those are necessary for self-employment in the honey production.
- This course gives students self-employment and they get job opportunities in the public, private and government sector.
- To establish an innovative model of microeconomic enterprise this can be replicated in other parts of India.

**REPORT**

Visit was planned for the BSc III Yr students as prescribed by the Nagpur University. 28 students accompanied to visit Apiculture Unit at Wardha.

We started at 8.30 am from college by bus and then first went to Kelzar fish farm and observe the fish farm in Kelzar. We reached the Apiculture center at Wardha at 12.30 am. Dr. Gopal Paliwal, Director of Bee keeping and Management Centre Wardha delivered a lecture and also shared very important information about Honey Bee keeping, honey bee products and government strategies with the help of power point presentation. Her wife Dr, Mrs. Paliwal also shared the information about the physiology of honey bees and how we can test the honey from different point of view.

Then the students watched the whole unit of Bee Keeping and they also buy some of the honey products from this unit, and after all those formalities the last was vote of thanks given by the students.

Further we had been to Sevagram to visit BAPU KUTI. Sevagram is the name of village in the state of Maharashtra, India. It was the place of Mohandas Gandhi's (Gandhiji's) ashram and his residence from 1936 to his death in 1948.

## OUTCOM

- Students enable to understand the principles of beekeeping and honey production.
- They also learn how to create and maintain beehives as well as to harvest their own honey and beeswax.
- They can also start their own projects so that they would be able to self-employment.

Following students from BSc III Yr. participated in this visit to Apiculture center.

**Women Redressal Cell and Dept of Zoology**

**WORKSHOP ON MAKING CLOTH AND PAPER BAGS**

**17 - 19 September 2018**

**AIMS AND OBJECTIVES**

- Women Empowerment
- Scope and opportunity in this business
- Guidance to start paper bag manufacturing unit
- Detailed information on paper bag manufacturing process
- Business promotion and marketing strategy

**REPORT**

Currently, paper bags have become a style statement for the people of India and abroad. The demand for eco-friendly paper bags is rising at an exponential rate throughout the county and it will continue to rise in coming years. Jawaharlal Nehru Arts, Commerce and Science College Wadi, Nagpur in collaboration with Mahima Bahuddeshiye Samajik Sanstha Nagpur successfully conducted 3 days (17 to 19 September 2018) workshop for women empowerment of college students as well as ladies from nearby locality for making paper and cloth bags which will be used as a replacement for plastic bags. Under this initiative, we are creating awareness among youth & women regarding the ill effects of using plastic bags and in turn, training them to make bags using recyclable materials like paper & cloth., The director of this unit Mrs. Shital Patil and her team very well organized this workshop. They all taught me how to make both paper and cloth bags, with newspaper and those bags were also very useful in different shops.

## OUTCOME

- A source of self-help and self-confidence for girl students.
- Created opportunities, space, and scope for the development of the skill of community.
- Provides training, support, and guidance for the skill related occupations.
- provided complete knowledge of how to make paper and cloth bags and also marketing of those bags

### REPORT ON BIRD WATCHING

#### **BIRD WATCHING PROGRAM AT GOREWADA LAKE (Batch-1)**

**AIMS AND OBJECTIVES:-** 1. To encourage, organize and promote the study of birds and their habitat used particularly within the Gorewada Lake.

1. **Support the wider knowledge** and enjoyment of birds generally.
2. **Promote the recording** and wide circulation of the results of bird studies and observations.
3. **Promote the archiving** of observations, studies and records of birds particularly in the Gorewada region.
4. Carry out many other activities which is capable of being conveniently carried out in connection with the above objects, or which directly or indirectly advances those objects or any of them.

#### **REPORT:-**

**Bird watching**, or **birding**, is a form of wildlife observation in which the observation of birds is a recreational activity or citizen science. It can be done with the naked eye, through a visual enhancement device like binoculars and telescopes, by listening for bird sounds, or by watching public webcams.

Bird watching often involves a significant auditory component, as many bird species are more easily detected and identified by ear than by eye. Most birdwatchers pursue this activity for recreational or social reasons, unlike ornithologists, who engage in the study of birds using formal scientific methods.

Due to their accessibility and ubiquity, birds are a useful tool for environmental education and awareness on environmental issues. Birds easily transmit values on respect to nature and the fragility of ecosystem.

We have chosen Gorewada Lake for Birding this year. So around 21 students (Batch-1) from Environmental studies were participated in this event on 13<sup>th</sup> January 2019. Like wise we have planned to visit this place for further more batches because around 105 students were registered for birding. Along with Dr. Bahar Bawiskar, Director Wild CER, Nagpur, Miss Rutuja Kukde and faculty from the college Dr. Manisha Bhatkulkar, Head Department of Zoology, and Convener of EVS and Dr. Chetna Laddha Dept of Botany.

All the students gathered there on the location and all were very interested to study birds. Students and teachers were very enthusiastic in spotting birds in and around this location. Moreover other people joined us when they saw us birding in that location. Students having binoculars and cameras so that they could click photos very easily. Around 20 birds we locate their with the help of expert Dr. Bahar Bawiskar and his team. It was very enriching and amazing experience watching birds and learning about them. We will look forward to more of these birding events.

1. **Support the wider knowledge** and enjoyment of birds generally.
2. **Promote the recording** and wide circulation of the results of bird studies and observations.
3. Promote the **archiving** of observations, studies and records of birds particularly in the Gorewada region.
4. Carry out many other activities which is capable of being conveniently carried out in connection with the above objects, or which directly or indirectly advances those objects or any of them.

#### **REPORT:-**

**Bird watching**, or **birding**, is a form of wildlife observation in which the observation of birds is a recreational activity or citizen science. It can be done with the naked eye, through a visual enhancement device like binoculars and telescopes, by listening for bird sounds, or by watching public webcams.

Bird watching often involves a significant auditory component, as many bird species are more easily detected and identified by ear than by eye. Most birdwatchers pursue this activity for recreational or social reasons, unlike ornithologists, who engage in the study of birds using formal scientific methods.

Due to their accessibility and ubiquity, birds are a useful tool for environmental education and awareness on environmental issues. Birds easily transmit values on respect to nature and the fragility of ecosystem.

We have chosen Gorewada Lake for Birding this year. So around 22 students (Batch-3) from Environmental studies were participated in this event on 27<sup>th</sup> January 2019. Like wise we have planned to visit this place for further more batches because around 105 students were registered for birding. Along with Dr. Bahar Bawiskar, Director Wild CER, Nagpur, Miss Rutuja Kukde and faculty from the college Dr. Manisha Bhatkulkar, Head Department of Zoology, and Convener of EVS and Dr. Chetna Laddha Dept of Botany, Ms. Pranoti Mendhre (CHB) from zoology.

All the students gathered there on the location and all were very interested to locate birds. Students and teachers were very enthusiastic in spotting birds in and around their location. Moreover other people joined us when they saw us birding in that location. Students having binoculars and cameras so that they could click photos very easily. Around 20 birds we locate their with the help of expert Dr. Bahar Bawiskar and his team. It was very

enriching and amazing experience watching birds and learning about them. We will look forward to more of these birding events.

**Nature Club & Dept of Zoology  
SESSION 2018-2019**

**INTERCOLLEGIATE WILD LIFE PHOTOGRAPHY COMPETITION**

**AIMS AND OBJECTIVES-----**

- To develop and cultivate awareness about wild life conservation.
- To provide encouragement for students and to stimulate worthwhile activities.
- It also stimulates thinking and facilitating understanding,
- Arousing interest and motivating further enquiry and discussion It inculcate the knowledge among students and also create interest in the subject too.
- **Wildlife photography** is a loosely-defined profession which demands a passion for **nature** and art. **Wildlife photographers** make a career of traveling to remote areas and taking pictures of **wild animals** and natural scenery.

**REPORT**

Jawaharlal Nehru Department of Zoology 7Nature Club organised the **Inter-collegiate Wild life photography competition** in collaboration with **Maharashtra Forest department under Nature club** on 30 Jan 2019. 15 colleges participated in the competition. The exhibition was inaugurated by Shri Prabhunath Shukla, Deputy Conservator of forest, Nagpur division, in presence of Shri Vyankatesh Mudliar judge for the event, Sr. associate SWAP consultant private limited and principal of the college Dr Jeevan Dontulwar.

The winner was

First winner: - Mr. Shubham Chhapekar, Research student from Gorewada project,

Second winner: - Mr Milind Wankhede, from Om Satya Sai College, Jawahar Nagar, Bhandara

Third winner: - Mr Jatin Dakhre from JNC wadi,

All winners were felicitated with the cash prize of Rs. 2000,1000 and 500 respectively and certificates. After prize distribution the guest motivated the students and gave the informative tips about wild life conservation and its importance. Dr Manisha Bhatkulkar proposed the vote of thanks.

## OUTCOME

- While wildlife photographs can be taken using basic equipment, successful photography of some types of wildlife requires specialist equipment, such as macro lenses for insects, long focal length lenses for birds and underwater cameras for marine life.
- However, a great wildlife photograph can also be the result of being in the right place at the right time <sup>[1]</sup> and often involves a good understanding of animal behavior in order to anticipate interesting situations to capture in photography.
- Students they learn a lot from this Competition regarding Education about Wild life and their clean and pollution free Environment.

SESSION-2018-19

EVS

### WORLD EARTH DAY -22 April 2019

**AIMS/OBJECTIVES:** - To Draw attention to the rapid extinction of species in

Our world today, which is directly linked to human activities. This includes Climate change, deforestation, habitat loss, trafficking and poaching, unsustainable agriculture, pollution and pesticides.

Our goals include ending single-use plastics, promoting alternatives to fossil fuel-based materials, promoting 100 per cent recycling of plastics, corporate and government accountability and changing human behavior concerning plastics."

EDN is also launching an "ambitious set of goals to shape the future of 21st century environmentalism".

**REPORT:-** The theme for World Earth Day 2019 was "PROTECT OUR SPECIES". Every year, more than one billion people across the world mark Earth Day by showing support for Environmental protection.

Many of our declining, threatened, and endangered species can still recover if we work together now to build a united global movement of consumers, voters, educators, faith leaders, and scientists to demand immediate action.

This day was celebrated with the Environmental Studies student from J. N. COLLEGE WADI. Overall 34 students were participated in this event. This event was included cleanliness drive at Ambazari gate no.-3 near water filter gate Hingna in collaboration with Maharashtra Forest Department. All the official Employees from Maharashtra Forest Department along with Shri Prabhunadh Shukla, Deputy Conservator of forest Nagpur division, RFO Shri Ninawe Sir Nagpur division and some NGO'S were also present in this even. Our 34 students participants had cleaned the complete area near water tank. They collected much

garbage like polythene bags, other material etc. This activity started from 7.00 am to 12.00 noon. All students participants and their concern teachers were involved in this event and also the forest members were involved after that the garbage which was collected they again collected in big garbage bags and then it was disposed of after that refreshment was served to all the participants and then the vote of thanks proposed by Shri Prabhunath Shukla, Deputy Conservator of forest, Nagpur division. All the students participants were enjoyed a lot this event.

**OUTCOME AND RESULT:-** Earth Day 1990 was credited with giving a significant boost to recycling efforts worldwide, paved the way for the 1992 UN Earth Summit.

At another milestone, Earth Day 2000 chose to address the growing issue of global warming and the switch to clean energy sources.

EDN will educate millions of people about the health and other risks associated with the use and disposal of plastics, including pollution of our oceans, water, and wildlife, and about the growing body of evidence that decomposing plastics are creating serious global problems." "EDN has built a multi-year campaign to End Plastic Pollution.

# अंबाझरीच्या जंगलात वसुंधरा दिनानिमित्त स्वच्छता अभियान

वन कर्मचारी, विद्यार्थ्यांनी गोळा केला २५० किलो प्लास्टिकचा कचरा

लोकमत न्यूज नेटवर्क

नागपूर : अनेक वर्ष नष्ट न होणाऱ्या प्लास्टिकच्या कचऱ्यामुळे पृथ्वीवर प्रदूषण वाढले आहे. सामान्य नागरिक वन क्षेत्रात खाद्यपदार्थांच्या प्लास्टिकच्या पिशव्या फेकून हा परिसरही प्रदूषित करतात. यामुळे वन विभागाने सोमवारी वसुंधरा दिनानिमित्त वन क्षेत्रात स्वयंसेवी संस्था आणि महाविद्यालयीन विद्यार्थ्यांच्या सहकार्याने स्वच्छता अभियान राबविले. अभियानात सकाळी ६ वाजता ३० विद्यार्थी, ३५ वन कर्मचारी आणि १३ स्वयंसेवी संस्थेचे सदस्य पात सहभागी झाले. चमूने तीन तास वन क्षेत्रात प्लास्टिकच्या पिशव्यांसह २५० किलो प्लास्टिकचा कचरा गोळा केला. पर्यावरणाचे प्रदूषण रोखण्यासाठी

अंबाझरी जंगलात प्लास्टिकचा कचरा गोळा करताना वन विभागाचे कर्मचारी, विद्यार्थी.

युवकांची भूमिका यावरही यावेळी चर्चा करण्यात आली. कार्यक्रमाला नागपूर विभाग प्रादेशिकचे मुख्य वनरक्षक कल्याणकुमार, उपवनसंरक्षक प्रभुनाथ शुक्ला यांनी युवकांना तलाय परिसरात प्लास्टिकवर प्रतिबंध आणणे आणि

सामान्य नागरिकांमध्ये जागृती करण्याचे आवाहन केले. अभियानात प्रा. मनीषा भातकूलकर, सुष्टी संस्थेचे विनीत अरोरा, अधिनाश लोंढे, दिनेश पांडे, हिंगणा वन परिक्षेत्राचे आरएफओ आशिष निनाये यांच्यासह वन कर्मचारी सहभागी झाले होते.

# वन विभागाचे स्वच्छता अभियान

**साजरा केला  
वसुंधरा दिन**

म. टा. प्रतिनिधी, नागपूर

पृथ्वीवरील प्रदूषणासंदर्भात जनजागृती करण्यासाठी वनविभागाच्या वतीने नुकताच जागतिक वसुंधरा दिन साजरा करण्यात आला. वन विभाग आणि जवाहरलाल नेहरू कॉलेज, वाडी यांच्या वतीने अंबाझरी वनक्षेत्रात स्वच्छता अभियान राबविण्यात आले. प्लास्टिकसारख्या अविघटनशील कचऱ्यामुळे पृथ्वीवरील प्रदूषणात वाढ होते आहे. प्रत्यक्ष कृतीतून हा स्वच्छतेचा विचार राबविण्यासाठी हा उपक्रम घेण्यात आला.

विद्यार्थी, कर्मचारी आणि स्वयंसेवी संस्थांचे सदस्य यांनी मिळून श्रमदानातून २५० किलो कचरा गोळा केला. तलावात जमा होणाऱ्या प्लास्टिकवर प्रतिबंध आणणे, जनसामान्यांमध्ये जागरूकता निर्माण करणे, महाराष्ट्र हरित सेनेची भूमिका आणि पर्यावरण प्रदूषण रोखण्यासाठी युवकांची भूमिका या विषयांवर यावेळी

चर्चा करण्यात आली. यावेळी नागपूरचे मुख्य वनसंरक्षक कल्याणकुमार, उपवनसंरक्षक प्रभूनाथ शुक्ला, ज्ञानवीर भातकुलकर, दिनेश पांडे, सुष्टी पर्यावरण संस्थेचे विनीत अरोरा, संजय देशपांडे, अविनाश लोढे आणि हिंगणा वनपरिक्षेत्राचे अधिकारी आशिष निनावे तसेच वन विभागाचे कर्मचारी यावेळी उपस्थित होते.
